Seeking a position in a dynamic company to apply my technical skills and education, driving the achievement of company objectives. Aspiring to excel as an intern within your esteemed organization, I bring a robust understanding of both IT and Electrical sectors. I aim to contribute to the efficient management of databases and operations, facilitating the continued growth and success of the company.

EXPERIENCE

Virtual Internship Program

Apr 2024 – May 2024

Codsoft

Salesforce Developer virtual Internship

Nov 2023 - Jan 2024

Salesforce

Utilized Salesforce fundamentals to optimize organizational setup, integrating relationship and process automation for streamlined workflows. Implemented various flow types and security measures to ensure data integrity. Proficient in Apex development, conducting rigorous testing and debugging. Setup VS Code and CLI for efficient development. Developed Lightning Web Components (LWC) and integrated APIs for enhanced user experiences. Achieved significant efficiency gains and contributed to Salesforce ecosystem enhancement.
